

# METROLAB ENGINEERING, INDIA & WFL MILLTURN, AUSTRIA TIE UP

Metriklab Engineering & Automation GmbH, Germany takes immense pride in introducing the partnership between our parent company - Metrolab Engineering – and WFL Millturn Technologies, Austria.

With the purchase of the M-120 and M-65 millturn machines to be installed at our works in India, Metriklab Engineering will be able to machine heavy applications for Aerospace, Locomotive, Marine and heavy industry at our plant in Bengaluru, India.

The machines are expected to production ready early next year.
